

Course Modalities are:

- **On-campus** = A traditional class, with instruction provided in a physical classroom at set meeting times.
- **Online** = A fully online course without set meeting times. Online courses are completed fully online, without in-person meetings. You can complete the work at a pace that best suits your schedule, but you must submit assignments and exams by set deadlines.
- **Hybrid** = A course with one scheduled face-to-face meeting time per week and an online component. Hybrid courses are completed on-campus with specific meeting days and times per week, with the remainder of the assignments completed online.
- **Virtual** = A fully online course with scheduled meeting times. Virtual courses are completed online but have set meeting times. You must log in and participate in course meetings via web-based communication (Microsoft Teams or Zoom) on the scheduled days/times.
